

DESIGN AND DEVELOP APP FOR HOBBIES

Aim: Design And Develop App For Hobbies

Procedure:

1. Features

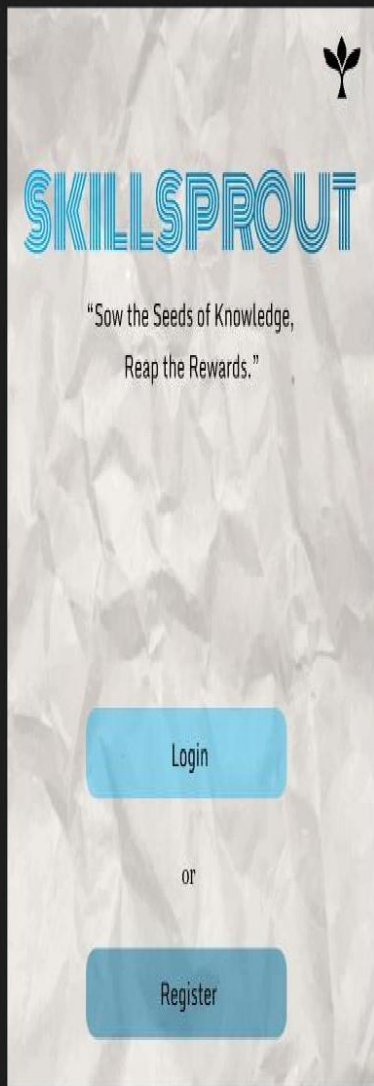

- User Profiles: Create and customize user profiles based on hobbies.
- Hobby Categories: List of hobbies (e.g., arts, music, sports, reading).
- Community Interaction: Connect with others based on shared hobbies.
- Activity Tracking: Log progress in chosen hobbies (e.g., reading books, learning an instrument).
- Tutorials & Resources: Access beginner guides and learning materials.
- Event Listings: Find hobby-related events (workshops, meetups).

2. Key Pages

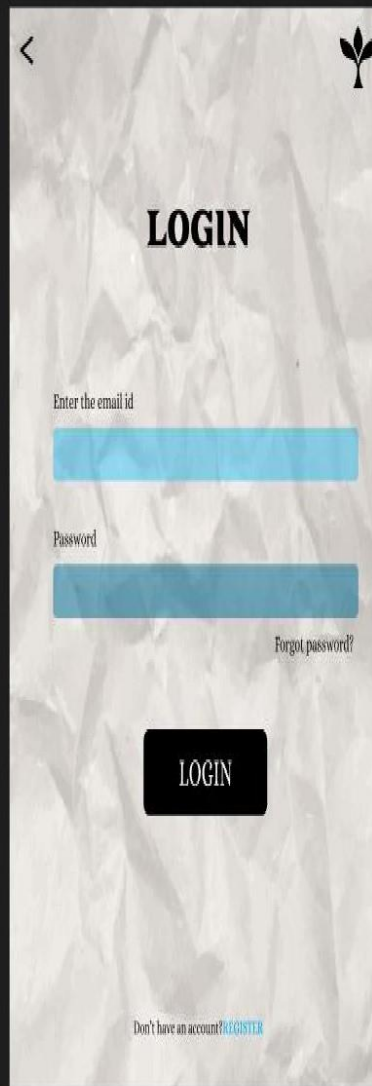

- Home Screen: Hobby categories with a personalized feed.
- Profile Page: User's favorite hobbies, progress, and achievements.
- Explore Page: Discover new hobbies and connect with others.
- Resource Page: Tutorials, articles, and video content.
- Events Page: List of hobby-related events in the local area.

Output:

iPad Pro 12.9" - 1

iPad Pro 12.9" - 2

iPad Pro 12.9" - 3

BBQ Jackfruit Sandwich Recipe

Ingredients:

- 2 cans of young jackfruit
- ¼ cup of grapeseed oil
- Garlic powder
- Salt-free spice
- ¼ cup of apple cider vinegar
- 2 tablespoons maple syrup
- Liquid or coconut aminos
- barbecue sauce
- Bread bun or collard wrap

Directions:

1. Drain the jackfruit by squeezing all the water out of each piece.
2. In a skillet, add grapeseed oil and jackfruit.
3. Add garlic powder. (As much as you want because that's your business.)
4. Add the multi-spice seasoning. (Also, as much as you want.)
5. Add the vinegar.
6. Add a splash of lemon juice.
7. Add a little maple syrup.
8. Add a pinch of salt.
9. Cook on medium to high heat for 10-15 minutes stirring and tossing until it begins to brown.
10. Once it begins to brown, then add your BBQ sauce and sauté for another 5 mins or so, and then it should be ready to enjoy on a bun or collard wrap.

A Game of Thrones

About:

Nine noble families wage war against each other in order to gain control over the mythical land of Westeros. Meanwhile, a force is rising after millenniums and threatens the existence of living men.

Info:

Author: George R. R. Martin
 Audio read by: Roy Dotrice
 Cover artist: Tom Hallman
 Language: English
 Series: A Song of Ice and Fire
 Genre: Political novel, epic fantasy
 Published: August 6, 1996
 Publisher: Bantam Spectra (US) / Voyager Books (UK)
 Publication place: United States
 Pages: 694
 Awards: Locus Award for Best Fantasy Novel (1997), Premio Ignotus (2003)

Crime

Comedy

Cardboard Tube Binoculars

Materials

Cardboard rolls left over from paper towels or toilet paper
Tape or glue
Hole punch
String (yarn, ribbon, twine, whatever you have around)
Markers, colored paper, and any other craft materials

Directions:

1. Take two toilet paper rolls (or a paper towel roll carefully cut in half), and attach them together side by side using tape or glue.
2. Wrap paper around the rolls. Your kid can decorate their binoculars however they want!
3. Use a hole punch to make holes on the outside of each roll. Tie a strand of yarn, about 18-20 inches long, through each hole to create a strap to hang the binoculars loosely around the child's neck. To avoid the danger of choking, children should only use under supervision.
4. Go outside to explore and play!

KNITTING

Materials

1. **Yarn:** Choose a yarn that suits the season. For a winter hat, a wool or acrylic yarn is ideal. You'll need approximately 200-250 yards of yarn, depending on the pattern and size of the hat.
2. **Knitting Needles:** The size of the needles depends on the yarn you choose. Typically, for worsted weight yarn, US size 8 (5 mm) needles work well. You might use circular needles or double-pointed needles, depending on your preferred technique.
3. **Measuring Tape:** For measuring the circumference of the hat.
4. **Stitch Marker:** Useful for keeping track of the beginning of rounds or pattern changes.
5. **Temporary Needle:** For weaving in ends.
6. **Scissors:** For cutting the yarn.

Directions:

1. **Choose Your Pattern:** For beginners, a simple ribbed hat is a good starting point. Here's a basic pattern:
Gauge: 18 stitches = 4 inches in stockinette stitch.
Size: Adjust for different head sizes (unisex adult hat has a circumference of about 20 inches).
2. **Cast On:**
 1. **For Knitting Chart-On Needles:** For a traditional ribbed hat, cast on about 20 stitches. Adjust based on your gauge and head size.
 2. **Using Circular Needles:** Cast on the stitches onto your circular needles. Place a stitch marker to indicate the beginning of the round.
3. **Ribbing:**
 1. **Start with Ribbing:** Work in a ribbing pattern (e.g., K1, P1) for about 2 to 3 inches to create a snug fitting rim.
 - K1, P1 means knit 1 stitch, then purl 1 stitch, and repeat.
 2. **Body of the Hat:**
 1. **Switch to Stockinette Stitch:** After ribbing, switch to stockinette stitch (knit every round or combine with a pattern if desired).
 2. **Continued Knit:** Knit until the piece measures about 7 to 8 inches from the cast-on edge (adjust for your preference).
4. **Decreasing for Cuff:**
 1. **Begin Decreasing:** Start reducing stitches to shape the top of the hat.
 - Round 1: K1, P1, Knit 2 stitches, then knit 1. Repeat around.
 - Round 2: Knit all stitches.
 - Round 3: K1, P1, Knit 2 stitches, then knit 1. Repeat around.
 - Round 4: Knit all stitches.
 - Continue decreasing in this manner, reducing the number of knit stitches before the decrease until you have about 8-10 stitches left.
5. **Finishing:**
 1. **Cast Yarns:** Leave a 4-inch tail.
 2. **Thread the Tail:** Use a temporary needle to thread the tail through the remaining stitches and pull tight to close the top of the hat.
 3. **Weave in Ends:** Weave in the yarn ends on the inside of the hat to secure them.
 4. **Block the Hat (Optional):** If you want to shape the hat a bit more and give it a professional look, gently block it by wetting it and shaping it on a flat surface.

1. **Clay:** Choose a type of clay suitable for pottery, such as stoneware, earthenware, or porcelain. Stoneware is a popular choice for mugs due to its durability and ability to hold heat well.
2. **Pottery Tools:** Essential tools include:
 - Rolling pin (for flattening clay)
 - Cutting tools (like a needle tool or knife for shaping)
 - Potter's rib (for smoothing and shaping)
 - Pin tool (for creating handles and texture)
 - Sponge (for smoothing and moistening)
 - Scoring tool (for joining clay pieces)
 - Wheel (optional, for throwing the mug, or you can use hand-building techniques)
3. **Water:** To moisten and work with the clay.
4. **Slip:** A mixture of clay and water used for joining pieces and smoothing.
5. **Kiln:** For firing the mug.
6. **Glaze:** For decorating and sealing the mug.
7. **Kiln Furniture:** Shelves and posts for holding the mug during firing.
8. **Safety Gear:** Dust mask, gloves, and safety glasses, especially if working with dry clay or sanding.

- **Wedging:** Knead the clay to remove air bubbles and achieve a consistent texture.
- **Preparing:** If you're using pre-made clay, ensure it's adequately moist and workable.

2. Shaping the Mug

- **Hand-Building:**
 - **Score:** Roll out a slab of clay or use a coil method to create the base of the mug. Cut and shape it into a circle or oval.
 - **Walls:** Roll out a clay slab or coil to form the sides of the mug. Attach the walls to the base using slip and scoring techniques (scratching both surfaces before applying slip).
 - **Smoothing:** Use a sponge and your fingers or tools to smooth and blend the walls with the base.
- **Throwing on the Wheel (If using a pottery wheel):**
 - **Centering:** Place a ball of clay on the wheel and center it.
 - **Throwing:** Open the clay and pull up the walls to shape the mug. Trim the base and shape the mug to your desired form.
- **Adding Handles:** Create a handle by rolling out a coil or using a pre-formed handle. Attach it to the mug using slip and scoring.

3. Drying and Attaching the Handle

- **Clay Shape:** Roll a coil or slab and shape it into a handle.
- **Attachment:** Score and apply slip to both the handle and the place where it will attach to the mug. Firmly press the handle in place and smooth the join.

4. Drying

- **Allow the mug to dry completely in a cool, dry place. This can take several days. Ensure it dries evenly to prevent cracking.**

5. Bisque Firing

- **Place the dried mug in the kiln for the bisque firing. This initial firing hardens the clay but doesn't glaze it. Follow the clay's recommended firing schedule.**

6. Glazing

- **Once the mug has cooled from the bisque firing, apply glaze. You can dip, brush, or spray the glaze onto the mug. Ensure the glaze does not cover the bottom of the mug to avoid sticking to the kiln shelf.**

7. Glaze Firing

- **Place the glazed mug back in the kiln for the glaze firing. This firing will melt the glaze and give the mug a shiny, durable finish. Follow the glaze manufacturer's instructions for temperature and firing time.**

8. Finishing Touches

- **After firing, inspect the mug for any rough spots. You can sand any rough edges or polish the mug if necessary.**

9. Enjoy

- **Your pottery mug is now ready for use or display. Enjoy the satisfaction of drinking from a mug you made yourself!**
